

SYED AIZAZ UL HAQ received the master's degree in network systems from Sunderland Institute of Science and Technology (SIST), Sunderland, U.K. He is currently pursuing the Ph.D. degree with COMSATS University Islamabad (CUI), Wah Campus, working on the development of an intelligent transport systems framework using software-defined networks, AI, and big data analytics. He is a Lecturer with the Department of Computing, Abasyn University, Peshawar. He is exploring areas of SDN, networks, and cloud computing.

Nadir Shah received the B.Sc. and M.Sc. degrees from Peshawar University, Peshawar, Pakistan, in 2002 and 2005, respectively, the M.S. degree from International Islamic University, Islamabad, Pakistan, in 2007, all in computer science, and the Ph.D. degree from Sino-German Joint Software Institute, Beihang University, Beijing, China. He was a Lecturer with the Department of Computer Science, COMSATS Institute of Information Technology, Abbottabad, Pakistan, from 2007 to 2008. He is currently a Tenured Professor with the COMSATS University Islamabad, Wah Campus. He has authored several research papers in international journals/conferences, such as the ACM Computing Surveys and the IEEE Communication Letters. His current research interests include computer networks, distributed systems, and network security. He is serving in the editorial board of IEEE Softwarizations, AHWSN, IJCS, and MJCS. He has been serving as a Reviewer for several journals/conferences, including ICC, INFOCOM, WCNC, Computer Networks (Elsevier), IEEE Communications Letters, IEEE Communication Magazine, IEEE Transactions on Industrial Informatics, and The Computer Journal.

Muhammad Farhan is pursuing his Ph.D. degree at the School of Software Technology, Dalian University of Technology, China. His research interests include Software-Defined Networking (SDN), 6G Networks, and Machine learning.

Fazal Hameed received his Ph.D.(Dr.-Ing.) degree in computer science from the Karlsruhe Institute of Technology (KIT), Karlsruhe, Germany, in 2015. He joined the chair for Compiler Construction at the TU Dresden (Dresden, Germany) as Post-doctoral researcher in March 2016. Before, he worked on a similar position at the Chair of Dependable and Nano Computing (CDNC) Karlsruhe Institute of Technology (KIT), Germany. He is currently affiliated with American University of Sharjah, UAE. He mainly works in the computer architecture area with a primary focus on memories. Mr. Hameed was a recipient of the CODES+ISSS 2013 Best Paper Nomination for his work on DRAM cache management in multicore systems.

Gabriel-Miro Muntean (M'04, SM'17) is Professor with the School of Electronic Engineering, Dublin City University (DCU), Ireland, and Co-Director of the DCU Performance Engineering Laboratory. He has published over 400 papers in top-level international journals and conferences, including 4 authored and 6 edited books. His research interests include quality, performance, and energy saving issues related to rich media delivery, technology-enhanced learning, and other data communications over heterogeneous networks. He is an Associate Editor of the IEEE Transactions on Broadcasting, the Multimedia Communications Area Editor of the IEEE Communications Surveys and Tutorials, and chair and reviewer for important international journals, conferences, and funding agencies.

Ali Tahir received the B.S. degree in computer engineering and the M.S. degree in telecom engineering from the University of Engineering and Technology (UET), Taxila, Pakistan, in 2006 and 2010, respectively, and the Ph.D. degree in computer science from COMSATS University Islamabad (CUI), Wah Campus, Pakistan, in 2021. He worked at Nokia Siemens Network for two years as a BSS Engineer. He also worked at SCB and AHQ, Islamabad, as a Network Engineer. He is currently working as a Senior Lecturer with the College of Computer Science and Information Technology, Jazan University, Jazan, Saudi Arabia. His research interests include wireless networks, distributed systems, software defined networking, the IoT, network security, machine learning, and software engineering.(
